

Hutton

For the customer who loves contemporary design, however, does not have the luxury of vast space within a given room, the Hutton will provide the perfect solution. With a number sofa sizes available, together with a loveseat, chair & a stunning corner sofa, the model will more than fit the bill.

However, what is pleasantly surprising about the Hutton, is whilst its overall external dimensions might be smaller, surprisingly its seating area is still more than generous, so you won't feel hemmed in when sitting next to someone else. The model features foam seat interiors for a clean, easy to maintain look. To complete the look, the model has a choice of brushed metal and matt black legs.
